Description:

Beyond Compliance is a groundbreaking new book that challenges the traditional approach to human rights law. Edited by leading scholars in the field, the book argues that human rights law must go beyond simply ensuring that states comply with their obligations. Instead, it must also promote a culture of respect for human rights and provide meaningful remedies for victims of human rights violations.

The book is divided into three parts. The first part, "Compliance and Beyond," examines the traditional approach to human rights law and its limitations. The second part, "Promoting a Culture of Respect," explores the role of education, media, and civil society in promoting a culture of respect for human rights. The third part, "Providing Meaningful Remedies," examines the challenges of providing meaningful remedies for victims of human rights violations and proposes new approaches to addressing these challenges.

Beyond Compliance is an essential read for anyone interested in human rights law. It provides a comprehensive overview of the field and offers a new vision for the future of human rights law.

Reviews:

"*Beyond Compliance* is a timely and important contribution to the field of human rights law. The book challenges the traditional approach to human rights law and offers a new vision for the future of the field. It is a must-read for anyone interested in human rights law." - **Michael Ignatieff, former leader of the Liberal Party of Canada**
