

Design When Everybody Designs: A Revolutionary Guide to the Future of Design

In his groundbreaking book, *Design When Everybody Designs*, Ezio Manzini challenges traditional notions of design and offers a new vision for the future. Manzini argues that design is no longer the exclusive domain of professionals, but rather a skill that everyone can and should learn. With the advent of new technologies and the increasing complexity of our world, Manzini believes that we need a new approach to design that is more inclusive, collaborative, and sustainable.
