

Mifid II And Private Law: A Comprehensive Guide

The Markets in Financial Instruments Directive II (Mifid II) is a European Union directive that regulates financial markets. It was adopted in 2014 and came into force in 2018. Mifid II is a wide-ranging piece of legislation that covers a variety of topics, including the regulation of financial instruments, the conduct of investment firms, and the protection of investors.

Private law is the body of law that governs the relationships between private individuals and organizations. It includes contract law, tort law, and property law. Mifid II has a significant impact on private law, as it creates new rights and obligations for financial market participants.

This guide provides a comprehensive overview of the legal framework governing financial markets in the European Union. It discusses the key provisions of Mifid II and analyzes their impact on private law. The guide is intended for lawyers, compliance professionals, and other professionals who need to understand the legal framework governing financial markets.

MiFID II and Private Law: Enforcing EU Conduct of Business Rules (Hart Studies in Commercial and Financial Law) by Federico Della Negra
