The journal covers a wide range of topics, including:

- Quantum chemistry
- Molecular modeling
- Spectroscopy

- Kinetics and thermodynamics
- Catalysis
- Materials science
- Biological inorganic chemistry

Impact Factor

The journal's impact factor is 2.5, which means that on average, each article published in the journal is cited 2.5 times per year.

Submission Guidelines

Authors who wish to submit a manuscript to the journal should follow the submission guidelines on the journal's website.

Editorial Board

The journal's editorial board is composed of leading scientists in the field of theoretical and computational inorganic chemistry.

Subscription Information

The journal is available online and in print. Subscription information can be found on the journal's website.
