MARGINALISED VOICES NOT HEARD
 Marginalised groups are often excluded from decision-making processes, leading to policies that do not address their needs.

LACK OF DATA EXACERBATING EXCLUSION
 Limited data collection and analysis for vulnerable populations hinders effective policy responses.

NO SOCIAL PROTECTION
 Lack of social safety nets and unemployment benefits leaves millions of people in low- and middle-income countries without a financial cushion during crises.

SOCIAL IMPACTS OF COVID-19 IN LOW- & MIDDLE-INCOME COUNTRIES

MARGINALISED GROUPS MOST AFFECTED
 Women, children, and people with disabilities are disproportionately impacted by the economic and social challenges of the pandemic.

POOR AND NEAR POOR AT RISK OF EXTREME POVERTY
 The pandemic has pushed millions of people into extreme poverty, threatening years of progress on the Sustainable Development Goals.

WOMEN & GIRLS MOST AFFECTED
 Women and girls face increased risks of gender-based violence, child marriage, and loss of livelihoods due to the pandemic.

RECOMMENDED RESPONSES

1. **Expand social protection**
 Scale up existing social protection programs and introduce new ones to reach the most vulnerable.

2. **Support livelihoods**
 Provide cash transfers, vouchers, and other forms of support to help people maintain their income and meet their basic needs.

3. **Expand access to financial services**
 Promote digital financial services and other innovative solutions to improve access to credit and savings.

4. **Strengthen health and social services**
 Invest in health care, education, and social services to build resilience and support recovery.

5. **Improve data collection and analysis**
 Enhance monitoring and evaluation systems to track the impact of interventions and inform policy decisions.

6. **Address gender inequality**
 Promote gender equality and women's economic empowerment to reduce the impact of the pandemic on women and girls.

7. **Support mental health and psychosocial services**
 Provide support for the mental health and psychosocial well-being of affected populations.

8. **Strengthen governance and accountability**
 Ensure that resources are used effectively and transparently, and that the needs of the most vulnerable are prioritized.

9. **Build resilience for the future**
 Invest in infrastructure, education, and social services to build resilience and prevent future crises.

10. **Engage civil society and communities**
 Support local organizations and community-based initiatives to provide support and services to affected populations.

11. **Coordinate efforts across sectors**
 Foster collaboration and coordination between different sectors and stakeholders to address the complex challenges of the pandemic.

12. **Ensure inclusivity and equity**
 Design and implement interventions that are inclusive and equitable, reaching the most vulnerable and marginalized groups.

13. **Monitor and evaluate impact**
 Regularly monitor and evaluate the impact of interventions to ensure they are effective and reach the intended beneficiaries.

14. **Share knowledge and best practices**
 Share information and lessons learned from the pandemic to inform future crisis response and recovery efforts.

15. **Build a more resilient and inclusive future**
 Use the lessons learned from the pandemic to build a more resilient and inclusive future for all.
