Whispers in the Rocks

The Earth's geological formations also bear witness to this lost world. Unusual rock formations, such as the banded iron formations found in Australia, suggest a stable and oxygen-rich atmosphere that existed billions of years ago. These formations provide compelling evidence of a thriving biosphere that could have supported a complex civilization.

Legends Across Continents

Myths and legends from around the world speak of a time before the Great Flood, when a technologically advanced civilization existed. The Babylonian Epic of Gilgamesh recounts the tale of a wise king who sought immortality and encountered a pre-flood survivor named Utnapishtim.

Similarly, the Hopi Native Americans tell stories of a great flood that destroyed a previous world, known as the Fourth World.
